

S4 Sarms Selective Receptor Modulator Raw Powder CAS 401900-40-1 For Fat Burning

Our Product Introduction

for more products please visit us on bodybuild-supplement.com

Basic Information

- Place of Origin: China
- Minimum Order Quantity: 10Grams
- Price: USD
- Packaging Details: 1kg/Foil Bag
- Delivery Time: 3-7days after received payment
- Payment Terms: T/T, Western Union, PayPal
- Supply Ability: 5000KG Per Year

Product Specification

- Product Name: S4
- Cas: 401900-40-1
- Appearance: White Powder
- Purity: 98%
- Usage: Fat Burning
- Highlight: S4 Selective Receptor Modulator ,
Sarms Selective Receptor Modulator ,
401900-40-1

Product Description

S4 Raw Powder CAS 401900-40-1 For Fat Burning Sarms

Product Description

Product Name	S4
Appearance	White Powder
Assay	99%
CAS No.	401900-40-1
Molecular Formula	C19H18F3N3O6
Molecular Weight	441.36
Storage	Store in cool and dry places, keep away from strong light.
Shelf life	2 years when properly stored

Product Description

also known as S4, is a selective receptor modulator (SARM) which increases muscle mass and shreds fat in users.

Initially developed by GTx Pharmaceuticals as a treatment for patients suffering from muscle loss, bodybuilders quickly caught on.

While it hasn't been approved for human use by the FDA, body builders have been using (S-4) to build muscle mass and lose fat.

Benefits

(S4) has a lot of great benefits and this is probably what you are most interested in.

The benefits are:

Increased muscle mass

Fat loss

Faster recovery

Body recomposition

Increased strength

1. I want to know more details about the product, how can I contact you?

You can send us an email inquiry at any time. For more accurate quotes, I need the following information: product name, order quantity, receipt country, quality requirements, etc.

2. How do I know if your products are real or fake?

We will inspect every shipment. I can provide test reports including HPLC, MS and HNMR if you want. Please find a professional chemist to help you confirm the authenticity of the test report.

Of course, you can also purchase samples to take you around your trust.

3. How do you ensure the safety of the package I receive?

I want to receive the package safely, I first need to know your delivery address, do you have a preferred courier method, did you buy it from China?

Why do you want to know?

Because each country has different requirements for imported packages, especially chemical products, you need to know the basic information to provide you with the safest choice.

At present, we have professional customs clearance agents in EU countries, the United States, the United States, Canada, and Southeast Asia. We have professional customs clearance agents to ensure the safety of packages.

4. How to pay?

Our payment channels include bank card, Western Union, Allegitudes, etc.

It is usually recommended that customers pay with Bitcoin, because the fee is low, the entry speed is fast, and the security is guaranteed.

5. How long does it take to receive the package?

This will vary according to the delivery method you choose. I will briefly introduce our commonly used special lines.

Usually European countries 10-15 days after sending you the tracking number.

In the United States and Canada, it usually takes 7-10 days.

Southeast Asian countries are 3-7 days.
