

Methyltesto Bodybuilding Supplement White Crystalline Raw Powder CAS 58-18-4

Our Product Introduction

Basic Information

- Place of Origin: China
- Minimum Order Quantity: 10Grams
- Price: USD
- Packaging Details: 1kg/Foil Bag
- Delivery Time: 3-7days after received payment
- Payment Terms: T/T, Western Union, PayPal
- Supply Ability: 5000KG Per Year

Product Specification

- Product Name: Methyltesto
- Cas: 58-18-4
- Appearance: White Powder
- Purity: 99%
- Highlight: **Methyltesto Bodybuilding Supplement, Crystalline Bodybuilding Supplement, CAS 58-18-4**

Product Description

Methyltesto White Crystalline Raw Powder For Bodybuilding Improvement CAS 58-18-4

Name	302.45 Methyltesto white Crystalline Powder For Bodybuilding CAS 58-18-4
Appearance	white crystalline powder
Cas No	58-18-4
MW	302.45
MF	C ₂₀ H ₃₀ O ₂
Shelf life	2 years
MOQ	1kg

What Is 17-Methyltesto?

Methyltesto is a very crude synthetic derivative of testo. Methyltesto is the oral form of the main testo-. Looking at the structure of this, we see that it is basically just a methyl group added to the c-17 α position of testo (c-17 α alkylated substance), which allows for oral administration. Methyltesto has a very short half-life of about 2.5 hours and because of this, it needs to be taken regularly to have a real effect on muscle metabolism due to the added methyl, Methyltest has liver toxicity but is no more severe than other oral drugs.

Methyltesto is an artificial form of the hormone called testo and is part of a class of drugs called . It belongs to a class of drugs called. are natural or synthetic that act as a hormone. Methyltesto is used to treat testo deficiency, breast cancer and menopause. Some athletes also use this drug to improve their workouts.
